

JOHN 9:4-5

**Church Planting
Missionaries in
Colombia**

AUGUST 2021

A New Member of the Family:

During the last couple of weeks, things have been a little stressful. Mariangela, my wife, contracted COVID. It was truly a battle for several nights. Some nights doing all we could to lower temperature, others doing our best to raise her oxygen levels. We are thankful to God that we did not need to go to the hospital and we also praise the Lord that she has now tested negative and is on her way to full recovery. Please pray for her and our baby boy who is due towards the end of this year. We thank God that he has kept both Mariangela and our son healthy. We thank the Lord for giving us the privilege and opportunity to raise a son for His glory.

Youth Nights and In-Person Services:

We thank the Lord that COVID cases here in the country have dropped. The last couple of weeks we still had to hold some services virtually due to some of the people of our church people getting sick with COVID. But praise the Lord that we are now back on track and are able to minister in many different ways like before. Youth nights are back to meeting in-person which is a huge praise, little by little the Lord is adding more teens to our group on Friday nights.

Our services on Sundays and Thursdays are also growing once again which is very encouraging to see. After all that has happened since the beginning of the pandemic, we know that God is still working and will continue to do great and mighty things here. Also, as you can see on the picture to the right of this text, the devil is working hard as well. This type of local witchcraft was left right in front of our church doors. This is not new and we do not fear the devil and his plans to discourage us from continuing with the preaching of the Gospel here in Colombia.
